_

What is App Club?

A community of FSKTM students who:

- are tired of studying for the sake of CGPA, and
- wanna learn things by real-world standards and
- make meaningful friendships to grow as a team.

How do we do it?

Learn

Judgment-Free learning. We silence our pride & enjoy learning shit together

Build

"Try fast, fail fast". We build useful or useless products to overcome our fears

Disrupt

We're gonna build the next big thing together some time, who knows!

"But I'm not good enough"

It's not what you are, but what you're gonna be that matters.

Members will receive a free T-shirt with this quote on it.

Homework:

HTML+CSS from
FreeCodeCamp
++ Personal page on Github
pages Write user stories for
final project
